

SUBHAM BISOI

AI Engineer | Cybersecurity Enthusiast

■ subhambisoi@gmail.com | ■ +91-7008936201

■ linkedin.com/in/subhambisoi | ■ github.com/Subhambisoi

PROFESSIONAL SUMMARY

Passionate AI Engineer & Cybersecurity Enthusiast with expertise in developing intelligent solutions and secure systems. Proficient in Python, AI/ML, and network security. Dedicated to creating impactful technology solutions with strong problem-solving abilities.

EDUCATION

B.Tech in Information Technology • GIET, Gunupur | Expected: 2027

Diploma in Electrical Engineering • BOSE Polytechnic, Salipur | 85%

10th Standard • Ravenshaw Vidyapith, Cuttack | 79%

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL, HTML5, CSS3

Specializations: AI/ML, Cybersecurity, Network Engineering, REST APIs, Flask

Tools & Platforms: Git, MySQL, SQLite, TryHackMe, Cisco Networking

PROFESSIONAL EXPERIENCE

Full Stack Development Intern • TechZex Inc. | 2024-Present

Developed web applications using Flask and Python. Collaborated on REST APIs and database design. Enhanced security practices in application development.

PROJECTS

• AI Guardian – Voice-Enabled Cybersecurity Assistant

Comprehensive AI-powered platform combining assistance with security features. Real-time threat analysis with voice interface. Tech: Python, AI/ML, Security

• AI Interviewer & ATS Optimizer

Generates interview questions, conducts mock interviews, analyzes resumes for ATS compatibility. Smart feedback system. Tech: Python, Flask, HTML, CSS, JavaScript, Gen AI, SQLite, MySQL

• Password Strength Analyzer

Evaluates password strength, identifies weak patterns, estimates brute-force resistance time. Tech: Python, Flask, HTML, CSS, JavaScript

• Weather Forecasting System

Real-time weather data with AI voice assistance. Tech: Python, Flask, Weather API, HTML, CSS, JavaScript

• Railway Ticket Management System

Database-driven ticket booking system with user authentication. Tech: Python, Java, MySQL, Flask

• KFC Billing System

Order management with invoice generation. Tech: Python, MySQL, SQLite, Flask

• Tic-Tac-Toe Game

Interactive game with AI logic and win detection. Tech: Python, Java, HTML, CSS, JavaScript

CERTIFICATIONS

CCNA Routing & Switching • TryHackMe Security Professional • MindBrain Innovation Certificate • Cisco Typed Technical Career (CTTC) • IFIT IT Fundamentals • TechZex Development Program • Microsoft Fundamentals • ESDP Python Certification

AWARDS & ACHIEVEMENTS

• 2nd Prize, Model Fiesta (2 consecutive years) • BPUT Cybersecurity Quiz Competition Prize • CodeChef Silver Badge for Problem Solving • Cisco & Coursera Excellence Award • HackFest 2.0 Participation Award • Microsoft Graphic Design Competition Winner

LANGUAGES & EXTRA-CURRICULAR

Languages: English (Fluent), Hindi (Native), Odia (Native)

Interests: Active member of Cybersecurity Club, Competitive Programming, Graphic Design, AI Research
